

Dear Ethan,

I would like to thank Verasolve for all of the things that you have facilitated for TSymmetry over the course of the past year. With your help and direction, we have been able to better position TSymmetry as both an established source of high-level, cleared IT talent as well as a qualified prime government contractor for identity management, cybersecurity, and other IT services.

The assistance you provided in the development of our new website has been extremely helpful in helping us represent TSymmetry's capabilities. I greatly appreciate the work the Verasolve team put in to all aspects of the website, including the copy writing, creative direction, and writing of profiles of our executive leadership team.

Similarly, the social media policy and strategy that Verasolve helped us develop will be beneficial as use of social media platforms continue to grow. Verasolve helped us define ourselves as a strong and competent thought-leader in the IT field, as well as an employer-of-choice for high-level IT professionals.

Verasolve also became a valuable asset while I was authoring a chapter for a book on hiring strategies in the current job market and in handling TSymmetry's nomination for the 2013 SmartCEO Washington GovStar Awards.

I have been very satisfied with the work Verasolve has performed and I would certainly recommend Verasolve to other interested companies.

Sincerely,

A handwritten signature in blue ink, appearing to read "Philip Lowit", written over a faint blue circular stamp or watermark.

Philip Lowit, CEO
TSymmetry, Inc.
