Dear Ethan,

I'd like to formally thank you for the quality marketing/PR strategy Verasolve developed for INNOVIM.

We engaged your company to help INNOVIM position itself as a leader in the government contracting space.

Your team's professionalism and know-how were instrumental in providing INNOVIM with a brand-new, content rich website, quality marketing slicks and collateral, plus key, client videos that are showcased in our offices and our site.

Not only were deliverables received on time, but the time and care put into plans for thought leadership and future strategic plans were well developed and are sure to add value.

Verasolve clearly understood our goals and showed remarkable marketing expertise. I would be confident in recommending Verasolve to any business contact or partner.

Best,

**Samira Samadi
Co-Founder and VP of Marketing**
